## DEPARTMENT OF BOTANY

Greetings from the Department of Botany! We are thrilled to invite you to explore the wonders of plant life through our virtual home. Nestled at the intersection of science, nature, and innovation, our department is dedicated to unraveling the mysteries of the botanical world and its profound impact on our lives and the environment.

Education is a cornerstone of our department. We are committed to nurturing the minds of budding botanists through rigorous academic programs that provide a solid foundation in plant sciences. Our faculty members are not just educators but mentors, guiding students on a journey of discovery and critical thinking. We also extend our reach to the wider community through workshops, exhibitions, and public talks, fostering a deep connection between people and plants.

Department of Botany was established in academic year 1997-98. Botany is offered as a minor subject at first year B.Sc. level. The Department also offers various course like Plants in human Nutrition, Plants in health Care and Cosmetics as open elective for first arts and commerce students respectively and also one program for first year science student which based on to increase the skill for preservation techniques in Botany as well as Course "Elementary botany" botany specially for slow learner Faculty of department is actively involved in activities such as Avishkar Research Convention and subject oriented survey projects for N.S.S. to promote research aptitude among the learners.
