

DEPARTMENT OF BOTANY

Department of Botany was established in academic year 1997-98. Botany is offered as an optional subject at first year B.Sc. level. The Department also offers remedial course in Botany as well as a Certificate Course in Biophysics which is conducted in collaboration with the departments of Physics and Zoology for all round development of the learners. Faculty of department is actively involved in activities such as Avishkar Research Convention and subject oriented survey projects for N.S.S. to promote research aptitude among the learners.
