Dr. VIJAY KHOLE
VICE-CHANCELLOR

'Best College Award' by University of Mumbai
(2006-2007)

Our Inspiration

Late Shri. Janardan Atmaram Bhagat Saheb

He worked tirelessly for poor and spent his whole life for the development of this area.

He always tried to make available the educational facilities to the students. His dedicated and

hardworking life became the source of inspiration to our Hon'ble Chairman to establish the

Sanstha. As the monument of his memory, institute is named as Janardan Bhagat Shikshan

Prasarak Sanstha, Panvel.

Our Guiding Light

Late Shri. Changu Kana Thakur Saheb

He was a golden hearted person who always walked on the path of goodness. He preached simple but valuable philosophy of life. Our college is named after his name. His life story is success story of a common man.

Our Divine Image

Late Matajee Bhagubai Changu Thakur

Matajee was the most committed and idealistic human being who strived hard for the overall growth of her affectionate and pious family. She taught and inculcated the importance of discipline, honesty, dedication, persistency, mannerism and sense of duty and reverence to her family members. She also taught to defend and help the poor and weak and fight for their causes. The glory achieved by the college is an epitome of her blessings.

Message by Hon'ble Chairman

Dear Parents and Learners,

It is my pride privilege to speak to you through the 'Prospectus, Information Brochure and Academic Calender 2023-2024 for appealing you to be a member of our C. K. Thakur Arts, Commere and Science College family. Quality education is a need of the day and required for personality development. With this very intent and dream close to my heart; I started this college.

It gives me immense pleasure, as our college has conferred with glorious achievements in its credit. Some of the notable achievements are Re-accredited 'A+' Grade By NAAC (Third Cycle-CGPA 3.61), 'College with Potential for Excellence' Status by University Grand Commission (Two Times),

"Best College Award' by University of Mumbai, Graded Autonomous status by University Grants Commission, New Delhi . On basis of Survey of Education World Magazine of India, Higher Education Rankng, our college is ranked 28th at National level & 14th at State level and many more in this line. All these are prestigious acknowledgments of our endeavour towards excellence.

Along with wide range of academic programmes at graduate, post graduate and research levels in traditional as well as speciality programmes, we have developed set of systems within a campus, essential to provide conducive ambience for learning and excelling the performance of our learners.

Higher education is one of the sensitive and vibrant aspects in our lives and we, at our college have accepted this as an objective and designed the policies and procedures to convert these into opportunities.

I know, it is quality of the process which determines the quality of the product. Everybody at our college is working with commitment and zeal to provide comfortable education to learners.

I wish, all those who want to be a learner of our college, a very bright future and you may look forward for the most enlightening period of your life.

Hon. Shri. Ramsheth Thakur
Former Member of Parliament and
Chairman, J.B.S.P. Sanstha, Panvel

Principal's Message

"Education is the most powerful weapon which you can use to change the world"... Nelson Mandela

Heartiest welcome to academic year 2023-2024 As you know, our college has been gaining new heights, while still being firmly grounded to its origin. Just like the culture, our college has also evolved through the time. Since, higher education is experiencing significant changes; we have been proactive in picking these signals to ensure that, our endeavours make an impact in developing our learners. Our college has many firsts to its credit especially; to start new programmes at under-graduate, post-graduate and research levels. Along with innovation towards bringing out new academic programmes, we have taken a serious look to excel in curricular, co-curricular, extra-curricular, and extension activities such as cultural, sports, NCC, NSS and Avishkar Research activities which are the integral facets of experiential learning and process of overall development of learners.

Our vision is, 'Aiming for the best through amalgamation of attitude and acumen'. To achieve this, our philosophy has been to focus on knowledge dissemination, application and opportunity to excel by utilizing and directing the potential of our learners. Our vision, mission, objectives and core values lie in the heart of our stakeholders, who are always working for development of the college.

Our ability to think differently and create new paths instead of taking the routine route has paid rich dividends. The journey, we completed in the line has not gone unnoticed. NAAC conferred on us a prestigious 'A+' grade in Re-accredition (Third Cycle-CGPA 3.61), University Grants Commission awarded us, a 'College with Potential for Excellence' status twice and University of Mumbai adjudged us a 'Best College Award'. Recently, University Grants Commission has granted the Graded Autonomous Status to our college along with ₹ 5 Crore grant under RUSA by the Central Government of India. Under autonomy, we have designed the curricula as per the needs of industry. We have also set up an Incubation Centre. This will help the students to contribute in consultancy and entrepreurship to enhance employability skills of the students. As per the need of National Education Policy-2020, we have made whole campus WiFi enabled. We have digitalizes the system right from admission to the declaration of results. All these glorious achievements are possible only because of our hard working learners, dedicated faculty, sincere administrative and non-teaching staff, strong and supportive management and large reservoir of goodwill of our college in the society.

Implementation of National Education Policy 2020 credit, grading and semester system challenges the ability of learners to participate in learning process continuously and demands corresponding efforts from faculty and staff which we have imbibed in our working systems.

In this brochure, we have highlighted some of the significant achievements, new initiatives undertaken, glimpses of our programmes and other aspects of teaching, learning and evaluation process of our college.

Feel free to know about us a little more.

Introduction to National Education Policy

The National Education Policy 2020 (NEP) has been formulated in response to the need to harness full human potential and develop well-rounded competent individuals by providing the right environ to enable access to inclusive and equitable quality education. Such education should have provision for lifelong learning, awareness of new areas of knowledge, skilling to meet industrial demands for economic development, multidisciplinary studies to develop a comprehensive view of issues from a realistic paradigm, holistic approach to education, rootedness to the cultural ethos and moral values, cultivating scientific temperament and problem-solving attitude. The policy also focuses on promoting critical thinking, innovation and creativity to enable the use and promotion of higher order thinking skills. Indeed, NEP is set to revolutionize the education system in the country right from school to higher education.

The JBSP Sanstha's Changu Kana Thakur Arts, Commerce, and Science College, New Panvel (Autonomous) is taking steps to bring the desired transformation in higher education by implementing NEP from the academic session 2023-24. After rigorous a common undergraduate curriculum framework was formulated and has been further fine-tuned keeping in view. The true spirit of NEP in terms of providing multidisciplinary and holistic education with the rooting in culture and ethos of the nation and emphasizes on research, skill development and higher order thinking skills to promote innovation and employability.

The Undergraduate Curriculum Framework (UGCF) is meant to bring about systemic change in the higher education system and align itself with the National Education Policy 2020.

The following objectives of NEP are kept in perspective while framing UGCF:

- To promote holistic development of learners having the world view of a truly global citizen;
- To provide flexibility to learners so that learners can choose their learning trajectories and programmes, and thereby choose their paths in life according to their talents and interests;
- To eliminate harmful hierarchies among disciplines/fields of study and silos between different areas of learning;
- Multidisciplinary and holistic education to ensure the unity and integrity of all knowledge;
- To promote creativity and critical thinking and to encourage logical decision-making and innovation;
- To promote ethics and human & constitutional values;
- To promote multilingualism and the power of language in learning and teaching;
- To impart life skills such as communication, cooperation, teamwork, and resilience;
- To promote outstanding research as a corequisite for outstanding education and development;
- To incorporate Indian knowledge system relevant for a particular discipline or field of studies.

- 4-year UG Degree (Honours): A four-year UG Honours degree in the major discipline will be awarded to those who complete a four-year degree programme with 172 credits and have satisfied the credit requirement.

- 4-year UG Degree (Honours with Research): Learners who secure 75% marks and above in the first six semesters and wish to undertake research at the undergraduate level can choose a research stream in the fourth year. They should do a research project or dissertation under the guidance of a College faculty member. The research project/dissertation will be in the major discipline. The learners who secure 160 credits, including 12 credits from a research project/dissertation, are awarded UG Degree (Honours with Research).

- UG Degree Programmes with Single Major: A learner must secure a minimum of 50% credits from the major discipline for the 3-year/4-year UG degree to be awarded a single major. For example, in a 3-year UG programme, if the total number of credits to be earned is 132, a learner of Physics with a minimum of 60 credits will be awarded a B.Sc. in Physics with a single major. Similarly, in a 4-year UG programme, if the total number of credits to be earned is 176, a learner of Physics with a minimum of 80 credits will be awarded a B.Sc. (Hons. /Hon. With Research) in Physics in a 4-year UG programme with a single major.

- UG Degree Programmes with Double Major: A learner must secure a minimum of 40% credits from the second major discipline for the 3-year/4-year UG degree to be awarded a double major. For example, in a 3-year UG programme, if the total number of credits to be earned is 132, a learner of Physics with a minimum of 48 credits will be 11 University Grants Commission 11 awarded a B.Sc. in Physics with a double major. Similarly, in a 4-year UG programme, if the total number of credits to be earned is 176, a learner of Physics with a minimum of 64 credits will be awarded a B.Sc. (Hons. /Hon. With Research) in Physics in a 4-year UG programme with double major.

Credit hours for different types of courses

The workload relating to a course is measured in terms of credit hours. A credit is a unit by which the coursework is measured. It determines the number of hours of instruction required per week over a semester (minimum 15 weeks).

Each course may have only a lecture component or a lecture and tutorial component or a lecture and practicum component or a lecture, tutorial, and practicum component, or only a practicum component. For example, a three-credit lecture course in a semester means three one-hour lectures per week with each one-hour lecture counted as one credit. In a 15-week semester, a three-credit lecture course is equal to 45 hours of teaching. One credit for tutorial work means one hour of engagement per week. In a semester of 15 weeks duration, a one-credit tutorial in a course is equivalent to 15 hours of engagement.

A one-credit course in practicum or lab work, community engagement and services, and fieldwork in a semester means two-hour engagement per week. In a semester of 15 weeks duration, a one-credit practicum in a course is equivalent to 30 hours of engagement.

A one-credit of Seminar or Internship or Studio activities or Field practice/projects or Community engagement and service means two-hour engagements per week. Accordingly, in a 15-week semester, one credit in these courses is equivalent to 30 hours of engagement.

A course can have a combination of lecture credits, tutorial credits, and practicum credits. For example, a 4–credit course with three credits assigned for lectures and one credit for practicum shall have three 1-hour lectures per week and one 2-hour duration field-based learning/project or lab work, or workshop activities per week. In a 15-week semester, a 4-credit course is equal to 45 hours of lectures and 30 hours of practicum. Similarly, a 4 –credit course with 3- credits assigned for lectures and one credit for tutorial shall have three 1-hour lectures per week and one 1-hour tutorial per week. In a 15-week semester, a four-credit course is 45 hours of lectures and 15 hours of tutorials.

The following types of courses/activities constitute the programmes of study. Each of them will require a specific number of hours of teaching/guidance and laboratory/studio/workshop activities, field-based learning/projects, internships, and community engagement and service.

- Lecture courses: Courses involving lectures relating to a field or discipline by an expert or qualified personnel in a field of learning, work/vocation, or professional practice.
- Tutorial courses: Courses involving problem-solving and discussions relating to a field or discipline under the guidance of qualified personnel in a field of learning, work/vocation, or professional practice.
- Practicum or Laboratory work: A course requiring learners to participate in a project or practical or lab activity that applies previously learned/studied principles/theory related to the chosen field of learning, work/vocation, or professional practice under the supervision of an expert or qualified individual in the field of learning, work/vocation or professional practice. 13 University Grants Commission 13
- Seminar: A course requiring learners to participate in structured discussion/conversation or debate focused on assigned tasks/readings, current or historical events, or shared experiences guided or led by an expert or qualified personnel in a field of learning, work/vocation, or professional practice.

- Internship: A course requiring learners to participate in a professional activity or work experience, or cooperative education activity with an entity external to the education institution, normally under the supervision of an expert of the given external entity. A key aspect of the internship is induction into actual work situations. Internships involve working with local industry, government or private organizations, business organizations, artists, crafts persons, and similar entities to provide opportunities for learners to actively engage in on-site experiential learning.

- Studio activities: Studio activities involve the engagement of learners in creative or artistic activities. Every learner is engaged in performing a creative activity to obtain a specific outcome. Studio-based activities involve visual- or aesthetic focused experiential work.

- Field practice/projects: Courses requiring learners to participate in field-based learning/projects generally under the supervision of an expert of the given external entity.

- Community engagement and service: Courses requiring learners to participate in field-based learning/projects generally under the supervision of an expert of the given external entity. The curricular component of 'community engagement and service' will involve activities that would expose learners to the socio-economic issues in society so that the theoretical learnings can be supplemented by actual life experiences to generate solutions to real-life problems

Eligibility for the UG Programmes

Senior Secondary School Leaving Certificate or Higher Secondary (12th Grade) Certificate obtained after successful completion of Grade 12 or equivalent stage of education corresponding to Level-4

Duration of the Programme

- The duration of the UG programme is 4 years or 8 semesters.

- Learners who desire to undergo a 3-year UG Programme will be allowed to exit after completion of the 3rd year.

- If a learner wants to leave after the completion of the first or second year, the learner will be given a UG Certificate or UG Diploma, respectively, provided they secure the prescribed number of credits.

- Learners who exit with a UG certificate or UG diploma are permitted to re-enter within three years and complete the degree programme.

- Learners may be permitted to take a break from the study during the period of study but the total duration for completing the programme shall not exceed 7 years

Structure of the Undergraduate Programme

The UG programme will consist of the following categories of courses and the minimum credit requirements for 3-year UG and 4-year UG (Honours) or UG (Honours with Research) programmes are given below:

Table: Minimum Credit Requirements to Award Degree under Each Category

Sr. No.	Broad Category of Course	Minimum Credit Requirement	
		3-Year UG	4-Year UG

11	Co-curricular courses	08	08
12	Research Methodology	--	04
13	Research Project	--	0-12
	Total	132	176

Note: Honours learners not undertaking research will do 3 courses for 12 credits in lieu of a research project / Dissertation.

Curricular components of the undergraduate programme

- **Disciplinary/interdisciplinary major:** The major would provide the opportunity for a learner to pursue in-depth study of a particular subject or discipline. Learners may be allowed to change major within the broad discipline at the end of the second semester by giving her/him sufficient time to explore interdisciplinary courses during the first year. Advanced-level disciplinary/interdisciplinary courses, a course in research methodology, and a project/dissertation will be conducted in the seventh semester. The final semester will be devoted to seminar presentation, preparation, and submission of project report/dissertation. The project work/dissertation will be on a topic in the disciplinary programme of study or an interdisciplinary topic.

- **Disciplinary/interdisciplinary minors:** Learners will have the option to choose courses from disciplinary/interdisciplinary minors and skill-based courses relating to a chosen vocational education programme. Learners who take enough courses in a discipline or an interdisciplinary area of study other than the chosen major will qualify for a minor in that discipline or in the chosen interdisciplinary area. A learner may declare the choice of the minor and vocational stream at the end of the second semester, after exploring various courses.

- **Courses from Other Disciplines (Open electives):** All UG learners must undergo 3 introductory-level courses relating to any of the broad disciplines below. These courses are intended to broaden the intellectual experience and form part of liberal arts and science education. Learners are not allowed to choose or repeat courses already undergone at the higher secondary level (12th class) in the proposed major and minor stream under this category.

- **Natural and Physical Sciences:** Learners can choose basic courses from disciplines such as Natural Science, for example, Biology, Botany, Zoology, Biotechnology, Biochemistry, Chemistry, Physics, Biophysics, Astronomy and Astrophysics, Earth and Environmental Sciences, etc.

- **Mathematics, Statistics, and Computer Applications:** Courses under this category will facilitate the learners to use and apply tools and techniques in their major and minor disciplines. The course may include training in programming software like Python among others and applications software like STATA, SPSS, Tally, etc. Basic courses under this category will be helpful for science and social science in data analysis and the application of quantitative tools.

- **Library, Information, and Media Sciences:** Courses from this category will help the learners to understand the recent developments in information and media science (journalism, mass media, and communication).

- **Commerce and Management:** Courses include business management, accountancy, finance, financial institutions, fintech, etc.,

- **Humanities and Social Sciences:** The courses relating to Social Sciences, for example, Anthropology, Communication and Media, Economics, History, Linguistics, Political Science, Psychology, Social Work, Sociology, etc. will enable learners to understand the individuals and their social behavior, society, and nation. Learners be introduced to survey methodology and available large-scale databases for India. The courses under humanities include, for example, Archaeology, History, Comparative Literature, Arts & Creative expressions, Creative Writing and Literature, language(s), Philosophy, etc., and interdisciplinary courses relating to humanities. The list of Courses that can include interdisciplinary subjects such as Cognitive Science, Environmental Science, Gender Studies, Global Environment & Health, International Relations, Political Economy and Development, Sustainable Development, Women's and Gender Studies, etc. will be useful to understand society.

- **Ability Enhancement Courses (AEC) (08 credits): Modern Indian Language (MIL) & English language focused on language and communication skills.** Learners are required to achieve competency in a Modern Indian Language (MIL) and in the English language with special emphasis on language and communication skills. The courses aim at enabling the learners to acquire and demonstrate the core linguistic skills, including critical reading and expository and academic writing skills, that help learners articulate their arguments and present their thinking clearly and coherently and recognize the importance of language as a mediator of knowledge and identity. They would also enable learners to acquaint themselves with the cultural and intellectual heritage of the chosen MIL and English language, as well as to provide a reflective understanding of the structure and complexity of the language/literature related to both the MIL and English language. The courses will also emphasize the development and enhancement of skills such as communication, and the ability to participate/conduct discussion and debate.

- **Skills Enhancement Courses (SEC):** These courses are aimed at imparting practical skills, hands-on training, soft skills, etc., to enhance the employability of learners. The institution may design courses as per the learners' needs and available institutional resources.

● **Value-Added Courses (VAC)**

1. Understanding India:

The course aims at enabling the learners to acquire and demonstrate the knowledge and understanding of contemporary India with its historical perspective, the basic framework of the goals and policies of national development, and the constitutional obligations with special emphasis on constitutional values and fundamental rights and duties. The course would also focus on developing an understanding among learner-teachers of the Indian knowledge systems, the Indian education system, and the roles and obligations of teachers to the nation in general and to the school/community/society. The course will attempt to deepen knowledge about and understanding of India's freedom struggle and of the values and ideals that it represented to develop an appreciation of the contributions made by people of all sections and regions of the country, and help learners understand and cherish the values enshrined in the Indian Constitution and to prepare them for their roles and responsibilities as effective citizens of a democratic society.

2. Environmental science/education:

The course seeks to equip learners with the ability to apply the acquired knowledge, skills, attitudes, and values required to take appropriate actions for mitigating the effects of environmental degradation, climate change, and pollution, effective waste management, conservation of biological diversity, management of biological resources, forest and wildlife conservation, and sustainable development and living. The course will also deepen the knowledge and understanding of India's environment in its totality, its interactive processes, and its effects on the future quality of people's lives.

3. Digital and technological solutions:

Courses in cutting-edge areas that are fast gaining prominences, such as Artificial Intelligence (AI), 3-D machining, big data analysis, machine learning, drone technologies, and Deep learning with important applications to health, environment, and sustainable living that will be woven into undergraduate education for enhancing the employability of the youth.

4. Health & Wellness, Yoga education, sports, and fitness:

Course components relating to health and wellness seek to promote an optimal state of physical, emotional, intellectual, social, spiritual, and environmental well-being of a person. Sports and fitness activities will be organized outside the regular institutional working hours. Yoga education would focus on preparing the learners physically and mentally for the integration of their physical, mental, and spiritual faculties, and equipping them with basic knowledge about one's personality, maintaining self-discipline and self-control, to learn to handle oneself well in all life situations. The focus of sports and fitness components of the courses will be on the improvement of physical fitness including the improvement of various components of physical and skills-related fitness like strength, speed, coordination, endurance, and flexibility; acquisition of sports skills including motor skills as well as basic movement skills relevant to a particular sport; improvement of tactical abilities; and improvement of mental abilities.

Research Project / Dissertation

Learners choosing a 4-Year bachelor's degree (Honours with Research) are required to take up research projects under the guidance of a faculty member. The learners are expected to complete the Research Project in the eighth semester. The research outcomes of their project work may be published in peer-reviewed journals or may be presented in conferences/seminars or may be patented.

Other Activities:

This component will include participation in activities related to the National Service Scheme (NSS), National Cadet Corps (NCC), adult education/literacy initiatives, mentoring school learners, and other similar activities.

First Year B.Sc. Eligibility

a) Semester I

A candidate for being eligible for admission to the three years integrated programme leading to the degree of Bachelor of Science (B.Sc.) must have passed the Higher Secondary School Certificate Examination (Std. XII) conducted by the Maharashtra State Board of Secondary and Higher Secondary Education, in the following subjects -

1. English (Higher or lower level) carrying 100 marks.

2. Any one of the modern Indian languages or modern foreign languages or any classical language (Higher level or lower level) or Information Technology carrying 100 marks.

3. Four other subjects from among the subjects mentioned below carrying a total of 400 marks.

OR

Three other subjects from among the subjects mentioned below carrying a total of 300 marks and one more subject from among the remaining optional subjects carrying 100 marks as prescribed for the H.S.C. (Std. XII) Examination.

List of subjects

- Physics
- Chemistry
- Biology
- Mathematics and Statistics
- Geography
- Economics
- Geology
- Psychology

OR

Must have passed an Examination of another University or Body or Board recognized as equivalent to the H.S.C. (Std. XII) Examination conducted by the Maharashtra State Board of Secondary and Higher Secondary Education.

(Extract of Circular No.- UG / 394 of 2004, Dated September 6, 2004)

b) Semester II

A learner is eligible to be admitted to Semester II irrespective of number of heads of failure in the Semester I.

Placement Cell

Placement Cell helps students to identify their career goals and provides an edge into the present-day competitive job market. The cell works immensely to fetch best profiles for each and every department, so that there is a pool of opportunities for every student to choose from.

The Placement Cell is an integral part of the Institution. Placement Cell and the resulting opportunities the cell provides to the students of the college are fully supported by the college management. The college management has provided solid infrastructure and human resources. The students are encouraged to develop a soft skill, technical skills alongside analytical capabilities. The Placement Cell aims to expose students to the nature of the corporate world therefore providing insight to their future professional careers.

Vision

To equip the students with relevant professional skills and guide them towards a bright future and career to become part of Top-Notch Companies.

Mission

To organize and coordinate various career development programs aimed at molding students to meet industry expectations.

Objectives of the Cell

- To assist students in identifying their career goals and creating awareness of available career options.
- To arrange training for aptitude tests, group discussions and preparing students for various interview rounds for campus recruitment.
- To organize regular training and development programs to enhance students' skills and prepare them for the workplace.
- To provide updates to the students on current market trends through various initiatives to prepare them for industry expectations.
- To recruit students in reputed companies by both on and off campus drive.

Placement Cell Key Highlight of 2022-23

- A pre-placement training Program for final-year students is being organized in collaboration with TATA Strive. This Program assisted students in developing the skill/knowledge of resume building, how to face an interview, and an understanding of various career opportunities following graduation and post-graduation.
- The Indian Express had partnered with us to organize an internship program. Participants learned skills such as time management, teamwork, and leadership after completing this internship program.
- On-campus recruitment drives are conducted in collaboration with reputable organizations such as WIPRO, ICICI Bank, Reliance, ORNET Technologies Pvt. Ltd., Offshore Infrastructure Ltd. and Gandhar Oil & Refinery India Ltd.
- In collaboration with TATA AIA organized an entrepreneurship program called "Young Leaders" (young business graduates with an entrepreneurial mindset). It aided the candidates in starting their own business as TATA AIA insurance agents.
- Organized on Campus "CSR EMPLOYABILITY PROGRAM" in association with Barclays IAHV Life Skills and Dezaview skill. 404 students had attended training for soft skill & interviewing Skill and received provision offer letter from Dezaview Skill co-partner Reliance.
