LIST OF VALID SUGGESTIONS

STUDENTS	
1.	citizen and the constitution need to include how human rights are implemented
2.	The chapters should include the practical real-life examples for example: Fundamental Rights Chapter that chapter is only theoretical in nature there are articles and their information but the student doesn't know how this FUNDAMENTAL RIGHTS are applied in real life, so this will become easy if there are some real-life on-going examples Likes keshavanand bharati case in which Article 19 (1) (f) get affected at that time.

TEACHERS	
1	The inclusion of the topic 'Social Media and New Social Movement' in Chapter 3 is commendable as it is extremely relevant and must be taught to students. But, since the chapter is about social dynamics that deals primarily with traditional identity issues in Indian Politics, it becomes little irrelevant to add this topic in third module.
2	In Unit II (Semester i), the topic on Fundamental Duties could be replaced with 'Relationship between Fundamental Rights and Directive Principles'
3.	In Unit IV (Semester I): the concept of decentralization could be added and could be continued with State legislature and Local self-government.
4.	Sem II (Unit IV) North East Insurgency can be specifically discussed. Insurgency becomes very vague.

ALUMNIS	
1.	(Semester I) I think there should be addition of two topics 1. Union and its territories 2. Citizenship. It will give students the complete understanding of basics of constitution. Otherwise, it is good.
2.	(Semester I) The content included in judiciary should be more precise like SC, HC, subordinate courts and function at the three levels, working of the judiciary etc.
3.	(Semester II) In Unit 2. there should be some current topics like VVPAT, electronic voting machines, election system etc . It should be designed like students will get complete overview of electoral system rather than only focusing on party system.

FYBMS SEM I & SEM II suggestions to be conveyed to Board of Studies 2021- 22

FY BMS SEM I SUGGESTIONS 2021- 22

Business Communication I

1. Language in multicultural society may be included.
2. Some field trips to public relations firms and interactions can help students to understand the importance of not only conversation but of the right way of reactions to it
3. GD & Presentations should be included.

Business Statistics

1. It is better to add a scatter diagram.
2. In chapter 1 Introduction to Statistics, you can add Attributes and Variables in this Nominal scale, Ordinal scale, interval scale, Ratio scale and Likert scale (five-point) can be added.
3. Statistical Quality Control (SQC) may be added to the syllabus since it is used in core industries

Business Law

1. A separate topic relating to online frauds and scams and laws and punishment for such activity. should be given as a presentation or project. To highlight the current digital fraudster happening. This would also raise awareness among students.
2. Add some topics in Electronic Contract, (Digital Contract & Digital Transaction), Remedies for Breach of E-Contract

Introduction to Financial A/C

1. Add Accounting Standards
2. Computerized Accounting can be deleted, practical experience needs to be given
3. Add Indian AS
4. Along with accounting knowledge auditing syllabus could also be added.

Foundation of Human Skills

1. The science part should be replaced with a skills topic.
2. Skill development related topics should be incorporated.

Business Economics I

1. The last unit can be merged with other units or it can be removed.
2. Pricing practices can be added.

FY BMS SEM II SUGGESTIONS 2021- 22

Principles of Marketing

1. Need to focus on digital marketing

Industrial Law

1. The syllabus should be modified as per the latest amendments made by the Government of India.
2. Real industrial law case studies can be given to students for a better and more practical understanding of laws.
3. Add some topics covering the rights of workers from the IT Industry.
4. In unit 2 under the topic Laws related to health, safety and welfare.

Business Mathematics

1. The syllabus is quite comprehensive but could also include part of logical reasoning like coding, decoding, blood relations, etc. This will help students to prepare for MBA Entrance
2. Could add logical reasoning in place of matrices and interpolation chapters.

Business Communication II

1. Customer Interactive sessions should be conducted.
2. Students should be made to adapt to the presentation skills.
3. Mock interviews , Mock meetings and conferences should be part of the curriculum which makes students more prepared for real-life struggle and situation handling.
4. Students should learn to prepare business reports using MS Office.
5. GD & Presentations should be included

Business Environment

1. In chapter 3 more emphasis could be given to the legal environment
2. Including case studies in the international environment might be helpful

Principles of Management

1. Under Leadership Styles Role plays and Case studies can be included as teaching instructions.
2. Case studies on motivation can be included.

Foundation Course - II

1. Need to cover topics like gender equality for transgenders also.

Principles of Management

1. Under Leadership Styles Role plays and Case studies can be included as teaching instructions.
2. Case studies on motivation can be included.

Foundation Course - II

1. Need to cover topics like gender equality for transgenders also.

Valid suggestions Conveyed to BOS in Chemistry

1. **In paper-1, first semester** , add a topic dedicated to Green Chemistry concept.
2. **In paper-1, semester-2,** the topics like ethical/safe handling of hazardous material, recycling, recovery of chemicals etc should be included.
3. **In paper -1**, add catalysis and remove chemical calculation topic.
4. **In paper-1,** In unit 2.1 Atomic structure, add topic Pauli's exclusion principles.
5. **In paper-II**, add surface tension and viscometry topics.
6. **In paper-1, Semester -1**, in chemical thermodynamics chapter, delete system, surrounding, boundaries, open, closed, isolated systems, extensive and intensive properties, state functions and path functions and **add following topics----**
    1) Entropy definations and equation for entropy, Factors affecting on entropy of system like Volume, Temperature, no of particles,
    2) Entropy and second law of thermodynamics.
7) **Paper-2, Semester-1**, Add the extra topic --Factors affecting on the reaction rates --- Nature of reactant, physical state, surface area, concentration, temperature, pressure, catalyst, absorption of light.
8) **In paper-2, Semester -1**, In the chapter liquid state—delete the topic --structure of thermotropic phases and add the topic – introduction of liquid crystals, definition, classification, defination of contact angle and its diagram.
9) **In paper-2, Semester -1**, in chapter 'Gaseous state' delete the topic Maxwell- Boltzman distribution law and add the topic Joule Thomson coefficient for ideal gases.
10) **In paper-2, Semester -1**, in chapter, 'chemical equilibrium and thermodynamic parameter' delete the topic –Law of mass action and factors affecting on chemical reations **and** the topic 'Relation between chemical equation and expression of equilibrium constant'. add
11) **In paper-2, Semester -2,** in chapter 4, Molecular spectroscopy---add the extra point ' Equation of Vibrational and Rotational motion & equation of energy of vibrational and rotational motion.
12) **In paper-2, Semester -2,** in the chapter 5, Solid state chemistry----delete the point 'types of solids' and add topic ' defects in crystal—schottky defect and frenkel defect.

Valid suggestions conveyed to BoS in Chemistry

1. Syllabus must have industrial oriented.
2. Add relevant points for NET, SET examinations
3. Descriptive part should be deleted.
4. Add some content related to competitive examinations
5. Syllabus includes the points in chemistry useful to increase student's basic knowledge which can be applied for master's degree.
6. Add some more previous introductory part for each topic before beginning main topic

Signature of the Subject Teacher

Signature of Head of the Department

Head

C.K.T.A.C.S. COLLEGE NEW PANVEL

Valid Suggestions Conveyed to BOS in Chemistry

1 Add Co-ordination Chemistry Structures and Isomers.

2 Add more topics related to Co-ordination Compounds such as Term symbols, Atimoc Symbols, Degeneracy.

3 Should made more relevant and applied

4 New courses should be introduced .project component should be introduced from first year.

5 In unit-II add Organometallic reactions and Catalysis

6 Research and development in Industries can be added as separate topic

Internal Quality Assurance Cell (IQAC)

Report of analysis of feedback collected for Design of syllabus

Name of the Department:	**Biotechnology**
Academic Year:	**2021-2022**
Class	**F.Y.B. Sc.**

Valid Suggestions to be Conveyed to the Board of Studies in Biotechnology

1. Structure of prokaryotic and eukaryotic cell (more detailed/basic explanation can be added)
2. In Sem 1 Paper 4 Basics of microbiology unit 1 looks additional.
3. In Sem 1 Paper 1 Analytical chemistry and all chapters are relevant as per the requirement of current scenario.
4. USBTBE1 Unit 1 In kingdom Animalia kindly consider only salient features an example for just reference for each phylum or else it will be lengthy
5. There is a window in Semester I paper V to introduce SARS-Cov2 pandemic, and the way biotech was essential in combating the disease.
6. There is no specific chapter but there are few repetitive concepts which are not needed instead there should be a bit information about what is the use of that subject in biotechnology
7. USBTBM4 UNIT 1 - If possible, we can add the recent advancements in optical microscopy
8. We had studied so much about animal diversity in previous classes that's why need to change this topic to kingdom Protista
9. Syllabus is creating awareness among the students of current scenario of society requirements. Syllabus provides some basic skill about employment (we are able to know the how RT-PCR, genome editing, molecular pharming works)
10. In Sem I and Sem II, some topics are difficult to understand. In my opinion, it must be explained in more simple terms.
11. In Sem II Carbohydrates and lipids from paper 1 is a bit difficult chapter.
12. In Sem II Paper-5 looks lengthy
13. In Sem II Paper 3 that is Plant and Animal Physiology a brief outline of anatomy should be at least animals or human anatomy, in the same paper plants and animals nutrition should be explained in detail
14. In Sem II Paper 2 and 3 has huge content and looks lengthy

15. In Sem II Paper-5: Tissue culture and good laboratory practices should be minimized.
16. The syllabus has all essential topics required to be studied. But the paper of biochemistry seems to be a bit heavy for students of F.Y.B.Sc.

Internal Quality Assurance Cell (IQAC)

Report of analysis of feedback collected for Design of syllabus

Name of the Department:	**Biotechnology**
Academic Year:	**2021-2022**
Class	**M. Sc. (Part-I)**

Valid Suggestions to be Conveyed to the Board of Studies in Biotechnology

1. Vaccinology is topic is relevant to nowadays pandemic situation, it's really useful for biotech students
2. The cell Biology paper is well framed, Further additions can be given by including a brief of cytoskeletons.
3. From Sem I Cell Biology course, the chapter of cell signaling may be removed as the same is being taught in Undergraduate program as well. Instead protein sorting and transport or any other relevant chapter can be added.
4. Nuclear transport can be studied in detail.
5. Semester-1, Paper-3 add some topic - JAK-SKAT Pathway and two component signaling
6. On cell tissue culture more knowledge is needed
7. Plant and Animal Biotechnology (PBT2PA2) - Applications of Plant and Animal Biotechnology have been covered elaborately. Further additions, if needed, can be incorporated in the form of recent developments in the field of tissue culture.
8. Bioprocess Engineering and Technology (PBT2BE3) unit 3 has many repetitive enzymes which create confusions so from my point of view there should be limited enzymes or focus should be given to one industry.
9. Well taught. Biostatistics topics like mean, mode, median, etc has been already studied in lower classes so it should be deleted from the paper.
10. Plant and Animal Biotechnology (PBT2PA2) - in unit 1 metabolic engineering fundamentals can be included.
11. ANNOVA may be added in Biostatistics
12. Can include more Basic MS-Excel applications in Semester –II PRACTICAL I (PBT2PR1) (PAPER I + PAPER III)
13. Bioinformatics should be a whole paper.
14. Must add some new topic which motivate to student for research.

C.K.Thakur ACS College,

New Panvel(Autonomous)

C.K.T.A.C.S. College New Panvel AUTONOMOUS

Valid Suggestions

1) Sem I- PI- Computer organization and Architecture

- Add following topics in unit 3:
  X86, ARM, and RISC-V Architectures and the Design of Smartphones, PCs, and Cloud Servers
  Sem II – P I- Database Systems.
- Add UML based model in unit1

2) Sem I- P II -Python I
   - Add date and time module in unit 1
   - Add creation of custom modules in unit 3

3) Sem II- PIV- Data structure
   - How to Calculate Complexity of algorithm.
   - Add topic for application of Stack.

4) Sem II- P V-Calculus

   Replace unit 1 with following topics :

   - Solution of Algebraic and Transcendental Equation and
   - Solution of simultaneous algebraic equation (linear) using iterative methods
   - Add interpolation and Numerical Differentiation, Numerical integration in unit 2 and 3

C.K.Thakur ACS College,

New Panvel(Autonomous)

C.K.T.A.C.S. College New Panvel AUTONOMOUS

Valid Suggestions for MSc. Part I

Sem-I P-IV Robotics

1. Add Virtual Circuit design in robotics

Sem-I P-I AARC(Analysis of Algorithm and Research Computing)

2. Add backtracking techniques for solving 8 queens problem in unit 3.
3. Add Graph coloring topic in unit 3
4. More stress needs to be given on enterprise networking protocols and platforms

Sem-II P-I AARC Compiler

5. Syllabus is actually very interesting, gives us more knowledge and information, it will help for the project development too.
6. It is a good subject as this subject gives how code syntax works actually and gives the knowledge of how code compile and excited in backend. One of the good subject to learn how complier works and the examples on it also good to solve .

Sem-II (Elective) Machine Learning

7. Need to add more practical other than theory
8. Consider project-based learning as one of the assessment tool.
9. Case study topics can have variations as number of machine learning implementations is available to better understand concepts.
10. The curriculums have to be focused on deep knowledge of the use case and technical understanding of the subjects, so that it can be useable when completed the course.

Principal
Changu Kana Thakur
ACS College, New Panvel
(Autonomous)

Valid suggestions conveyed to BoS in Information Technology

Introduction to C++programming

- Include modules related to function declaration and function definition

Digital Electronics

- Include practicals of basic components of electronics.
- Include the practical's related on ROM
- Remove study of IC7490, IC 7292, IC 7495.

Operating Systems

- Add concept of Exception handling in C++.
- Include module Types of Access and Protection Approaches
- Include some basic modules related to cloud

Communication Skills

- Group Discussion module can be redesigned
- Include modules on AJAX .

Object Oriented Programming

- Add concept of Exception handling in C++.
- Add more practicals on inheritance.

Microprocessor Architecture

- Include Overview of 8085 Instruction Set

Database Management System

- Database design ER model and Relational algebra module can be merged
- Include concept : Need of database system point.

Web Programming

- Basics of XML need to be included.
- AJAX can be added.

	SUGGESTIONS
Chapter	• **Sem I**
	1. Adaptive radiation in case of other possible organisms also should be added
	2. Significance of symmetry should be added.
	3. Add basics about fossil study.
	• **Sem II**
	4. Add reproductive study of living system and about how life started?
	5. Add about evolutionary biology of development
Specific topic	• **Sem I**
	1. Add about how morphological change due to change in environment helps drive evolution over a long period of time.
	2. Add about diversity of life with regard to protists, non-chordates and chordates.
	• **Sem II**
	3. Morphogenesis and its type should be added
	4. Cancer as a multifactorial disease can be added instead of oral cancer.
	5. Introduction of genetic and genetic disorder these topics can added
Syllabus	• **Sem I** **1.** Survey projects should be given from first year of graduation.
	2. The project assignment should be given to students so it will help them to find the process involved in studying biodiversity and taxonomy besides improving their writing skills.
	• **Sem II**
	3. Developmental biology should be added from fybsc only
	4. Students should know about evolution
	5. Students should know about Assisted reproductive technology.
General	**1.** Syllabus is helpful for students

feedback	**2.** Syllabus is very good and relevant.
	3. Good structure of the syllabus good outcomes through learnings and easily getting score.
	4. Syllabus provides some basic skills for employment.
	5. Syllabus is environmentally sensitive.

	SUGGESTIONS	ACTION TAKEN
Chapter	• **Sem I**	
	1. Adaptive radiation in case of other possible organisms also should be added	Only about reptiles are added, will add about another organism also
	2. Significance of symmetry should be added.	The suggestions made can be taken into consideration.
	3. Add basics about fossil study.	The suggestions made can be taken into consideration.
	• **Sem II**	
	4. Add reproductive study of living system and about how life started?	The suggestions made can be taken into consideration.
	5. Add about evolutionary biology of development	The suggestions made can be taken into consideration.
Specific topic	• **Sem I**	
	1. Add about how morphological change due to change in environment helps drive evolution over a long period of time.	The suggestions made can be taken into consideration.
	2. Add about diversity of life with regard to protists, non-chordates and chordates.	The suggestions made can be taken into consideration.
	• **Sem II**	
	3. Morphogenesis and its type should be added	It is added in sybsc syllabus
	4. Cancer as a multifactorial disease can be added instead of oral cancer.	It will be a vast to study.
	5. Introduction of genetic and genetic disorder these topics can added	The suggestions made can be taken into consideration.
<u>Syllabus</u>	• **Sem I**	
	1. Survey projects should be given from first year of graduation.	Already allotted to the students bas a part of Anoogunj

	2. The project assignment should be given to students so it will help them to find the process involved in studying biodiversity and taxonomy besides improving their writing skills.	It is quite difficult to implement in first year of graduation
	• **Sem II**	
	3. Developmental biology should be added from fybsc only	It is already in sybsc and tybsc syllabus
	4. Students should know about evolution	It is already in sybsc and tybsc syllabus
	5. Students should know about Assisted reproductive technology.	The suggestions made can be taken into consideration.
General feedback	1. Syllabus is helpful for students	The suggestions made can be taken into consideration.
	2. Syllabus is very good and relevant.	The suggestions made can be taken into consideration.
	3. Good structure of the syllabus good outcomes through learnings and easily getting score.	The suggestions made can be taken into consideration.
	4. Syllabus provides some basic skills for employment.	The suggestions made can be taken into consideration.
	5. Syllabus is environmentally sensitive.	The suggestions made can be taken into consideration.

Name of the Department: Mathematics

Subject Name: Mathematics Paper 1 & 2, Semester-I & II

Academic Year: 2021-22

Mathematics Paper-I (Semester I &II)

1) In unit 2 add the topic "test of convergence"
2) Add more problems in all the units

Mathematics Paper-II (Semester I &II)

1) In unit 3,i.e theory of congruence ,Linear Diophantine equation (only statement) topic should be added so that learners can easily find whether the congruence has a solution or not .
2) Combination chapter must be included in permutation unit for better understanding

Name of the Department: Mathematics

Subject Name: Mathematical & Statistical Techniques-I & II,

Course Code: UCM1MST & UCM2MST

Academic Year: 2021-22

Semester-I & II

1. Shares and Mutual Funds can be replaced with any other mathematical topics relevant for Commerce Industry, as Shares and Mutual Funds are covered in other subjects related to Finance.
2. There is scope to add some topics related to finance and share market.
3. In the Derivative chapter, Definition of Derivatives is missing. However, the problems based on it are included. That definition may help interested students to explore the derivatives and its applications.
4. Mean median and mode is sufficient
5. Linear equations were quite easy to solve
6. If possible, include the Partnership and problems based on it

Valid Suggestions forwarded to B.O.S in Physics

1. **Sem1 Physics 1** : Newton's laws, Inertial and noninertial frame of reference , pseudo force were studied by students in previous academics already so only can review them and add applications.
2. **Sem1 Physics 1** : Only suggestion if Initial part of solid State physics can be added even at fy level. Such like introduction to various crystal structures, xrd principal etc. As material science become quite important. It will give some idea to learners about it.

C.K.T.A.C.S. College,
New Panvel (Autonomous)

LIST OF VALID SUGGESTIONS

STUDENT's	
1.	More information about how to join armed forces throughout NCC.
2.	Add topics on Universal Humans Rights.
3.	Add self-defense in syllabus.

TEACHER's	
1	Include Practical's specially during units like Drill and Weapon Training
2	In unit 11th add more information about various types of Compass
3.	Unit 7th and 8th have to merge

ALUMNI	
1.	(Semester I) Conduct intercollege level Competition. That will lead to gain more information about coordination and cooperation.
2.	(Semester I) add some topics on Guard of Honor and Flag area.
3.	(Semester II) Industrial Visits(Pune, or Nashik armories or training center) has to schedule for cadet

CONCLUSION

Thus the feedback given by the stakeholders were analyzed and suitable action will be taken so as to satisfy the expectations of students, teachers, alumni and employers. This further helped us to improvise our curriculum as per the expectations of the stakeholders

Valid suggestions to be conveyed to the Board of Studies in Hindi

1. पेपर नम्बर V में गद्य साहित्य में इकबाल दुरानी के साहित्य का समावेश किया तो अच्छा रहेगा
2. हिंदी का शब्द समूह और बोलियाँ इस पर विचार दुबारा से करना चाहिए
3. साहित्य के तत्त्व के स्थान पर काव्य के तत्त्व लिखना चाहिए
4. इकाई नम्बर दो इंटरनेट और हिंदी इस इकाई को सुचारू रूप से छात्रों को समझ में आ सके इस प्रकार सेट करना चाहिए
5, कला इस इकाई में कला के प्रयोजन इस मद्दे को भी शामिल करना चाहिए
6. सुचना प्रौद्योगिकी इस पेपर में भारत की ग्रामीण अर्थव्यवस्था के विकास पर सूचना प्रौद्योगिकी का प्रभाव इस पर विचार करना
7. अभिलक्षण और भाषा परिवर्तन के कारण के स्थान पर दिशाएं शब्द प्रयोग किया तो अच्छा रहेगा
8. जनसंचार माध्यम पेपर के पाठ्यक्रम के कुछ मद्दों में जुडाव एवं घटाव करें
9. हिंदी में सुचना प्रौधोगिकी पेपर के कुछ प्रकरण में बदलाव की आवश्यकता हैं

TYBMS SEM V & SEM VI suggestions to be conveyed to Board of Studies 2021- 22

TY BMS SEM V SUGGESTIONS 2021-22

Logistics and Supply Chain Management

1. New topics like Chatbot, AI and Case studies can be added
2. Practical examples can be added.

Corporate Communication and Public Relation

1. Add concepts on the use of modern gadgets & media as communication tools.
2. Can also include real-time cases of different companies.
3. Need to focus on the impact of social media on client engagement and managing negative feedback on such platforms.
4. More case studies should be provided so that they will help to connect practical situations.

Direct Taxes

1. How to practically file an income tax return on the income tax website would have been a crucial and very beneficial topic for students..
2. In module 1 in residential status - recently govt. has made some amendments in the day's calculation that should have to change.

Wealth Management

1. Unit 1 - topic - As per me life cycle management topic must have to be deleted because common and repetitive
2. In unit 4 - Chapter b) add more information about annuities and pension schemes with examples
3. Chapter are been covered in detail and every Avenue to park your money in a good manner is been covered
4. Emphasis on the importance of pension plans.
5. Include govt schemes.

Commodities and Derivatives Market

1. In unit 1 they have to add how to deal in commodity and derivatives markets and how to manage it.
2. In unit 3 Chapter 2 - Options pricing model has to be deleted.
3. Topics like Real and Exotic Options can be added.

4. Add more numericals/practicals in unit 02
5. Introduce virtual trading for students

Investment Analysis and Portfolio Management

1. New theories should have been included for example the modern portfolio theory, post modern portfolio theory etc .
2. Mutual funds topic should be in more brief i.e types of mutual funds like SIP, STP, SWP which can help students to get more awareness of this as it is most beneficial for them in future .
3. Unit 3 Chapter 1 - In portfolio management they should have to add one of the company examples which gives us idea about how they can manage their company portfolios
4. Wealth creation (Power of compounding) with the examples of few shares like Wipro, Infosys
5. Chapter 1 add one topic of types of analysis
6. Add one topic of Types of investment analysis and technical analysis and also add some techniques of fundamental and technical analysis
7. Add investment criteria and method of appraisal

Service Marketing

1. Focus has to be given on current Trends in Service Sector in India Like, Shipping Sector, R&D sector, Consultancy Services, Medical Tourism, etc.

Sales and Distribution

1. Information regarding Sales and Distribution Management is very brief. It is as per the needs of industry
2. Negotiation techniques can be added
3. Chapter 2 - add some points as sales skills as per observation of the environment both analysis and sales are interlinked. Connect it; it can help student to practically apply things in life

E-Commerce and Digital Market

1. In chapter 4 Digital marketing, more topics should be added such as Facebook marketing, Instagram marketing, Twitter marketing, and advertising on other social platforms. How to run an ad campaign on various social media platforms. How to design ad creatives. More information about content marketing.
2. Promotional measures and advertising campaigns of e Commerce need to be introduced.
3. Case study on latest trends
4. Case study and niche market supposed to be added
5. Economic related issues in domestic and international markets supposed to be added

Customer Relationship Management

1. The syllabus should contain detailed information about the latest CRM software used/ adopted by the company. There have to be more current situation scenarios so that the students can have a proper understanding of the subject, otherwise the subject

Performance Management and Career Planning

1. Need to ponder on how the performance evaluation metrics would evolve in a scenario of the majority of the workforce working remotely
2. Topics like performance management systems of different industries should be included. & Career planning and development topics should be practically executed so that they help to connect and improve as an individual.

Strategic HRM and HR Policies

1. Should include examples of strategies used in actual business to overcome problems.
2. The importance of Employee Engagement should be added
3. HR Environment about different Industrial Sectors should be included & Challenges faced by HR in the global Corporate World should be added.

Industrial Relations

1. Role of Trade Unions in Today's Industrial Environment should be added
2. Case study needs to be added

Finance for HR and Compensation Management

1. Case studies required
2. Compensation calculation should be added.
3. Compensation grid structure should be added in the syllabus.

TY BMS SEM VI SUGGESTIONS 2021-22

Indirect Taxes

1. As per the needs of the society and also up to date and requires the information about the gst and its various concepts.

Innovative Financial Services

1. Update as per current economic reforms
2. May add BNPL Model
3. Remove regulatory institution from module 1

Strategic Financial Management

1. Add Practical problems & Case study

Project Management

1. Add some practical innovative examples of PM.
2. Add PERT and CPM
3. Provide examples of impact of IBC
4. Can touch upon how technology is complementing conventional project management practices.

Brand Management

1. The focus should be more on the practical implementation of Brand Elements.
2. Give Practical Exposure to students that how Brand Management Works.

Retail Management

1. A case Study can be added
2. Recent Case Study on giant retail stores can be added

International Marketing

1. Recent Advertising Trends used in International Market can be added on Media Planning and Management

HRM in Global Perspective

1. Add recent developing trends in HRM

Organizational Development

1. Practical examples has to be given as per the current trends
2. Case studies should be added.
3. Unit 2 should be precise & specific.

HRM in Service Sector Management

1. Unit 4: Organizational Effectiveness concept can be removed as it is already included in Organizational Development
2. Case study and some group activities can be conducted to improve more knowledge about this subject.

Indian Ethos in Management

1. Successful Management lessons from Indian enriched History should be added
2. Management Styles of past Indian Culture should be included
3. Motivating students to manage Stress should be incorporated

C.K.T.A.C.S. COLLEGE NEW PANVEL

Valid suggestions conveyed to BoS in Chemistry

1. Add mechanical and stereochemical aspects of pyrolytic elimination reaction.
2. Inclusion of retrosynthesis and designing of organic synthesis from simple starting compounds.
3. Add Petrochemical Topic and some part of synthesis of organic compounds should be deleted as it is very vast
4. Agrochemicals is little vast chapter it should minimize OR Delete the agrochemicals
5. Spectroscopy: applications of UV, visible and IR Spectroscopy are necessary.
6. It is better to club together stereochemistry-1 and 2 for the better understanding of the subject concept.
7. In heterocyclic chemistry other 5 and 6 membered heterocycles can be covered
8. Add topic on research methodology in syllabus
9. Add some basic oxidizing and reducing agents.

C.K.T.A.C.S. COLLEGE NEW PANVEL

Valid suggestions conveyed to BoS in Chemistry

1. Detail about drug synthesis techniques used by industries, Computer Skills required for drug design topic should be added.

2. Can we add recent pandemic and antiviral drug and vaccine decoding?

3. Structure-Activity relationship and assay of drugs and factors affecting drug action should be included.

4. Introduction of FDA and FSSAI is a good topic it will be helpful for the student appearing the FSSAI exam after graduation.

5. Paints & their introduction, classification should be added.

6. Drug design and development must be in semester-I.

Valid Suggestions to be Conveyed to the Board of Studies in Biotechnology

1. Overall syllabus is good it's provide us lots of information about different industries and how their waste are manage, immunology, different types drugs their benefit and side effects are also understood by these syllabus. So, there is no need to delete or changes are required in syllabus.
2. In paper 3 unit 3 basics remains unclear.
3. In semester 6 - biochemistry unit 2, in carbohydrates and lipids unit , pathways should also be included along with other points.
4. All chapters containing sufficient information. But whenever the instrumentation part is there should be precise process should be provided in the chapter.
5. more of basic content should be added in paper 3 unit 3.
6. Some new technologies relevant to the industry could be added like Clinical data Management and Nanotechnology at the UG level. Entrepreneurship opportunities in the field of Biotechnology can be focused on.
7. Delete some point from pharmacology and neurochemistry
8. In Semester 6, Paper 2 is very theoretical
9. In Semester 6, Paper-3 Pharmacology and neurochemistry syllabus is lengthy so some points need to delete
10. In Semester 6, Paper 2 content should be minimized
11. Semester 6 paper 3 - protein biochemistry can be made a bit easy.

C. K.Thakur ACS College New Panvel

C.K.T.A.C.S. College New Panvel

Valid Suggestions for T.Y.B.Sc.

1. **Artificial Intelligence Sem V -P I**
   - Add some AI applications like AI in healthcare, retail and banking
   - Add real time case study so that students will get acquainted with completes more clearly.

2. **Game Programming- Sem V-P V**
   - Some more assignments can be given for hands-on experience

3. **Data Science- Sem VI PIV**
   - Add some basics or revision of probability theory which is required for logistic regression and classification trees.
   - Add some applications of data science
   - Need to implement data visualization using available data sets

4. **Ethical Hacking- Sem VI PV**
   - The syllabus has been updated to meet industry standards.
   - The contents of UNIT 2 won't be covered in 15 hours; thus, it is suggested that it require more lectures than allotted.

	SUGGESTIONS
Chapter	• **Sem V**
	1. In endocrinology unit, the role of Placenta in secreting hormones is very specific. Placenta can be added in along with other endocrine glands.
	• **Sem VI**
	2. Syllabus is good all the topics are covered but can add topics related to environment studies and should promote Eco-tourism and should add topics related to Indian forest services.
Specific topic	• **Sem V**
	1. Ecology and Ecosystem should be added
	• **Sem VI**
	2. Parasitology should be added.
Syllabus	• **Sem V**
	1. Economic zoology is topic should add in syllabus
	• **Sem VI**
	2. Syllabus is good all the topics are covered but can add topics related to environment studies and should promote Eco-tourism and should add topics related to Indian forest services.
General feedback	Syllabus is good, environmentally sensitive and helpful for students employability.
	Syllabus is very good
	The syllabus is designed precisely.
	Overall good content in syllabus all the topics are covered. It helps to learn about kingdoms and their classification.
	Syllabus is good, environmentally sensitive and helpful for students employability.
