Sir,

With reference to above mentioned subject, I want to state that to extend the Teaching-Learning experience & to get more realistic subject knowledge as per the revised guidelines of NAAC, collaboration with neighboring academic institutions is needed for academic excellence of students.

As per the MOU signed on 4<sup>th</sup> Jan 2020 with Department of Zoology of your College, we are interested to conduct a collaborative activity of Student & Faculty exchange for exchanging the resources of both institutions.

In this regard, 23 students of T.Y.B.Sc. (Zoology) of our college will participate in this activity and Dr. Leena Meshram, Assist. Professor in Zoology of our College will deliver lecture on the topic, 'Introduction to Endocrinology' on Wednesday, 11<sup>th</sup> January 2023 to your T. Y. B. Sc. students. Kindly approve our proposal.

Respected Sir,

With reference to above mentioned subject, I would like to state that, to expand the scope of learning experience to the students, to get a more realistic perspective and to update the academic activities, such type of collaborations are expected with nearby institutions.

In this context, we are inviting you to deliver an expert lecture on **"Nomenclature of Organic Compounds"** on **Friday 21<sup>st</sup> October, 2022 at 11.00 am** under Faculty Exchange Programme for the benefit of learners of both the institutions.

Kindly make it convenient to visit our institute and deliver a talk on given topic.

Thanking You

Sub- Acceptance letter for research collaboration

Respected Sir,

It's a pleasure to receive your research collaboration invitation letter with ref no. CKTACS/ dated 12/08/2022. We, researchers of the Research Institute for Dokdo and Ullengdo Island, Kyungpook National University, South Korea, are happy to accept your invitation. The topic you chose, "**Development of Lab and Pilot scale Bioreactor for the Treatment of Real Textile effluent and subsequent Toxicity studies in concern with Public Health in Maharashtra**", is very interesting, and we would like to be part of this study. Our expertise in molecular biology and analytical techniques will help you with species identification, metabolite characterization and metagenomics studies. Apart from that, I also have several other ideas for phytoreactors that would be helpful for this project.

The outcome of our project will provide society with new textile waste treatment approaches. In order to achieve our goal, we aim to contribute the maximum.
