Teaching-Learning Reforms Monitored by IQAC in Academic Year 2022-23

1. Effective Teaching-Learning and Evaluation System:

Academic quality through strict adherence to academic calendar has been monitored. Preparation of lecture plan, authentication of the same by the Head of departments, monitoring of the teaching schedule and regular reporting by the faculty is ensured through regular staff meetings by IQAC. Microsoft Teams license has been acquired and used as the platform for effective online teaching. Use of LMS was executed by IQAC. The Mentor-Mentee Scheme was effectively implemented and monitored by IQAC in order to address the academic and psychological issues of the students. The calendar of conduct of examination, evaluation and declaration of results was strictly adhered.

2. Outcome Based Education:

IQAC implanted a well-designed plan for qualitative implementation of OBE. In view of NEP-2020, a staff awareness regarding proper formulation of POs, PSOs and COs in accordance with Blooms Taxonomy and LOCF was organized. A separate committee was constituted for the same and regular feedback was obtained from all the departments regarding the formulation of POs, PSOs and COs. The revised drafts were reviewed by the committee before finalization of the POs, PSOs and COs. To ensure effective mapping, OBE dairy was designed for students.
